Product Information/ Services

Mission Statement

Kitchen Art, Inc. is a family held company dedicated to providing a harmonious work place for all employees, whose purpose is to exceed the expectations of those we serve by providing the best possible value in high quality, innovative, cabinetry, countertops, and renovation services.

Class A contractors License #2701 019865A

Member of the National Kitchen and Bath Association (NKBA).

Designing With Kitchen Art

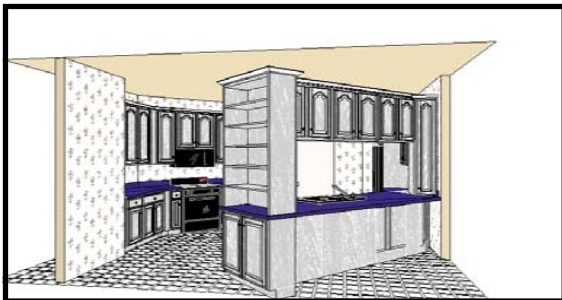

All Kitchen Art designers are fully trained professionals. The designer will work with you to determine your life style, cooking habits, and preferences. This allows us to design a plan that is personally tailored to you. All plans are approved by Dayton Leadbetter, CKD, (Certified Kitchen Designer)

Computer Drawings

The old fashioned way of drafting plans by hand, to obtain the "human touch, is our preferred method. Then, we use our computer to bring the designs to life with perspective and birds eye drawings. Computer floor plans are also available.

Kitchen Art Showroom

Plan now to visit our, premier, centrally located showroom known as "Virginia's Kitchen Showcase" We feature over twenty beautiful, exciting displays and vignettes, with the latest in cabinet and countertop designs, materials, and finishes.

Cabinetry

In the old country the Prévôt (pronounced Pray · Vo) was considered the master of his particular discipline. Prèvo cabinetry is, perhaps, America's finest all wood, truly custom line, and we are pleased to be the exclusive dealer-installer for central Va. We also manufacture our own locally hand crafted cabinets and represent seven other lines, each a leader in it's own field. A complete venue of price ranges, materials, and finishes is offered.

Countertop Availability

Let your imagination run wild with the unlimited possibilities of seamless Corian solid surface and it's inlay color combinations, and integral sinks, or choose traditional laminate tops with self edge, roll edge, bevel edge, or Corian edge. Both Corian and laminate tops are fabricated by trained craftsman at our own subsidiary company. Granite and marble stone tops are outsourced to qualifying fabricators, who meet our strict guidelines.

Kitchen & Bath Remodeling

We are specialists in the remodeling of old homes and have done thousands over the past twenty years. The entire job, including built in appliances and the sub contracting of plumbing, electrical, flooring etc. can be handled under one contract.

Kitchen Art Installation

Installation is performed by trained and experienced cabinet installation specialists. Proper installation is crucial to the longevity and warranty of our products. Products are available for do it yourself installation.

Interior Renovations

The scope of our construction projects can expand throughout the home on a selective basis. Space alterations, wall and trim repair, the remodeling, or addition of libraries, laundry rooms, baths, closets, etc, are a few of the completed projects. Our proprietor has accumulated over thirty years of construction and design experience with numerous satisfied customers.
